

# Ocean Table 4 pers.

Discarded fishing nets & upcycled hard plastic

The Ocean Table is a part of the Ocean Collection, a reimagined outdoor series, originally designed in 1955 by Jørgen and Nanna Ditzel. The design is reissued in ocean plastic waste to prevent pollution of the world's oceans. The Ocean Collection is designed for disassembly, meaning that the design allows each component in its purest form to recycle into new production circles. Durable for both private and public use.
