SERAX

Paola Navone: "I have nomadic blood running through my veins, travelling is my second nature. With the curiosity of an anthropologist, I will go in search of everyday objects from different cultures and traditions. White, black, red, and

indigo blue dominate the colour palette of the Table nomade collection for Serax. A collection of souvenirs, all of them telling their own story about their particular corner of the world."

PAOLA NAVONE

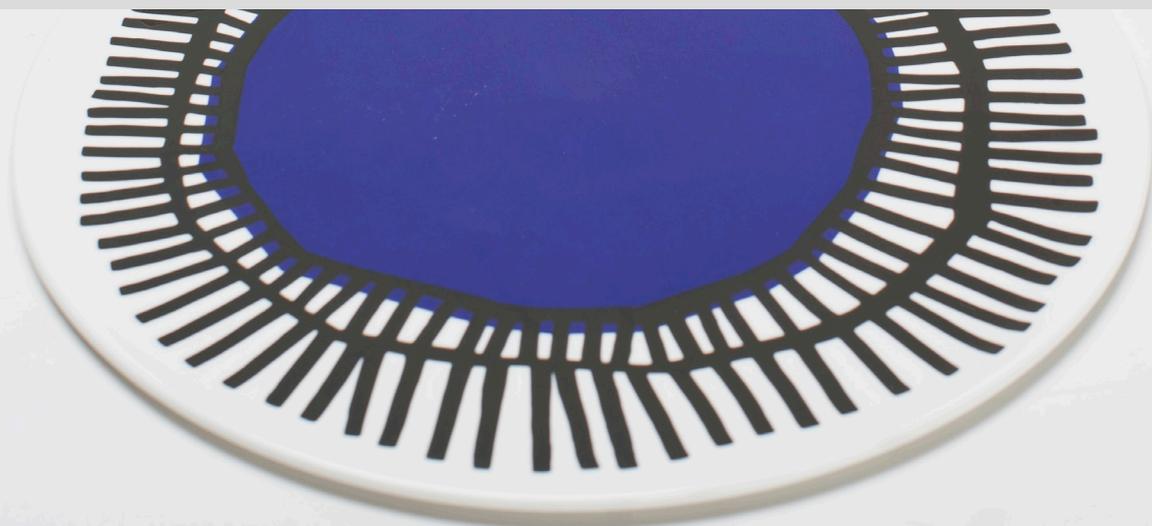

Straightforward, a dreamer and eclectic: Paola Navone's mind and soul are a combination of the flavours and colours of the South together with the taste and forms of the West, rich in traditions, open, and continuously in movement: a combination that leads to an unstoppable curiosity, a relentless search for ideas and materials, forms and structures; a quest into the past, present and future.

Over the past four decades, Paola Navone has undeniably earned her plaudits in the world of design and decoration, with quite a few awards to show for it. As an architect, product designer, art director, interior decorator, industrial surfaces planner, and creator of exhibitions and events, she has put her artistic stamp on many a restaurant, exhibition, showroom, bar, office, and store around Europe, America and Asia. As an artist, Paola doesn't want to design systematically, she wants to be free. Free to be a citizen of the world, unburdened by borders and frontiers - she wants to look and discover. With the mind-set of an anthropologist and historian, she doesn't want to throw away the past, she wants to breathe new life into it, letting it intertwine with the present and the future. Endless, limitless and inexhaustible.

SOUVENIRS DE SUÈDE

The souvenirs from Sweden from Paola Navone's Table nomade collection are inspired by Scandinavian fabrics from the 1950s. While the black and white version exudes peacefulness,

the plates with the indigo blue finish add liveliness to the table. Thanks to their size, they can be used both for serving a main course and for sharing dishes.

SOUVENIRS DU JAPON

In the typical colour of jade and clear seawater, the souvenirs from Japan dress the table with a slice of culture from the land of the rising sun. The organic shapes of the porcelain aperitif dish

and three different bowls refer to the capricious way in which water moves. This is also reflected in the handles of the bowls. The slightly rough finish of the porcelain and the stoneware base contribute to the handmade look of the objects.

SOUVENIRS DE CHINE

In Chinese culture, red symbolises good luck. So it is no mere coincidence that red predominates in the souvenirs from China in the Table nomade collection. The set of two white porcelain soup and noodle bowls have a striking red print. The

lids of the bowls can also be used as plates. The red melamine chopsticks are packed in an original indigo blue Table nomade box, together with two white porcelain holders in the shape of hands.

SOUVENIRS DE TURQUIE

Paola Navone: "Glass is one of my favourite materials, because its transparency and clarity present infinite creative possibilities."

Paola Navone's souvenirs from Turkey take the forms of traditional Turkish tea glasses and salad bowls with a modern twist. The three drinking

glasses in different sizes are wider at the top. Made from recycled glass in which a myriad of bubbles can be seen, they reflect traditional Turkish glass processing. The glass salad bowls are available in three sizes. The interplay of colours is inspired by the tie & dye technique.

SOUVENIRS D'AFRIQUE

The napkins are made of high-quality paper, but because of the expressive and at the same time simple pattern, they look like hand-painted linen. The African tribal print, with its typical black dots on a white background, is enhanced by the use of indigo, a colour that is very typical of the African Tuareg tribes.

The hammered finish of the stainless-steel salad and rice spoons creates the same effect as the dots on the napkins. In turn, the archetypal shape of the spoons follows the curves of the blue patterns.
