# B&B Atoll

SOFAS

Antonio Citterio

## Description

B&B Atoll, le nouveau système d'assises modulables d'Antonio Citterio, dont le nom renvoie aux récifs coralliens du même nom, est l'expression recherchée d'une forme esthétique équilibrée et d'un style contemporain affirmé et dans le même temps extrêmement élégant. Trois plateformes de base - 190 cm et 240 cm avec profondeur 90 cm; 130 cm avec profondeur 140 cm - composent le point de départ du système. Elles sont complétées par des accoudoirs et dossiers pour former divers éléments: sofas, dormeuses, modules d'angles, éléments simples ou modulables avec éléments chaise longue et pouf. Les structures possèdent des lignes légères et délicates, appliquées sur des supports hauts réalisés par moulage métallique avec profilés métalliques soulignent la ligne entre les structures elles-mêmes et le rembourrage. Deux finitions sont prévues: étain et chromé noir. Pour donner encore plus de caractère à la proposition, un élément d'appui, avec lequel jouer à volonté: un coussin rouleau en deux dimensions - 65 cm et 90 cm - fixé par des courroies en cuir et une structure fabriquée par moulage métallique. Un accessoire à insérer librement entre le coussin de l'assise et la structure de base, pour offrir un

soutien supplémentaire ou pour devenir, au choix, un élément accoudoir ou dossier. B&B Atoll se révèle ainsi être un projet dynamique, avec un degré d'adaptation des compositions toujours nouveau, avec la possibilité de créer de multiples formes d'assises, allant de celles de détente les plus informelles aux plus formelles, également grâce à l'utilisation de coussins dossiers complémentaires.

---

## Technical information

### Châssis intérieur

tubes et profilés d'acier

### Rembourrage châssis intérieur

mousse de polyuréthane souple obtenue par moulage à froid Bayfit®, housse en fibre de polyester

### Coussin assise

polyuréthane profilé à densité différenciée, plume stérilisée, housse en fibre de polyester

### Coussin dossier

polyuréthane profilé, plume stérilisée

### Coussin appui-reins (AT45\_40)

plume, typologie avec bande latéral

### Rouleau

polyuréthane profilé, housse en fibre de polyester

### Support rouleau

aluminium moulé sous pression et cuir

### Structure de support

aluminium moulé sous pression

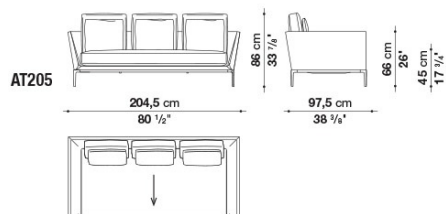

### Embouts

matériel plastique

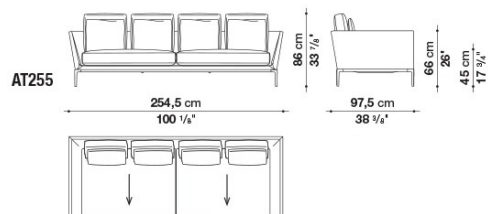

### Revêtement

tissu ou cuir
